- AWS | Azure | Cloud Computing | Unit Testing | Lambda | OOP | Spline | REST API
- Frontend | Backend | Full-Stack | Mobile App Development | Web Development | English, Korean, French

## Experience

### Full-Stack Developer - Head of Development

Merlin Solutions Technology, Inc.

Toronto, ON 04/2022 - Current

- Developed web/mobile applications throughout SDLC, including analyzing business requirements, developing technical specifications, planning, coding, testing implementation, and deployment.
- Designed and implemented databases, scalable APIs, as well as user interfaces.
- Worked with stakeholders to analyze the business requirements and to come up with the priority for product backlog and sprints.
- Led the team of 9 developers being responsible for planning capacity of the team and running weekly sprint planning sessions, and contributed to resolving technical problems.
- Developed chat-based digital wallet mobile application for **Android** and **iOS** using the latest technologies of **Flutter/Dart** and **ionic/Capacitor** for the frontend and **Node.js, Express.js, and MongoDB** for the backend.
- Developed B2B payment rail system using **Vue.js**, and integrated with the merchants' POS system.
- Implemented chat app leveraging **Firebase** in 3 months. Integrated bank's **API** to the digital wallet app in 2 weeks.
- Implemented in-chat P2P transfers for a convenient money transfer process over the chat.
- Designed and developed the app considering UX best practices.
- Hosted websites and servers on **AWS(Amazon Web Services)**.
- Leveraged various AWS services such as **SNS, SES, and S3** in the AWS hosted apps.

### Automation Developer (Co-Op)

Ministry of Public and Business  
Service Delivery of Ontario

Toronto, ON 01/2021 - 08/2021

- Automated Server Decommissioning process leveraging **PowerShell, REST APIs, AzureDevOps & Ansible**, resulting in cost reduction.
- Developed scripts to automate centralized complex visual reporting processes for the department's daily/monthly/annual incidents report dashboard, using **PowerShell, and MS Power BI**.

## Education

### Diploma

Seneca College

Toronto, ON, Canada 09/2019 - 12/2021

- Major in Computer Programming | **GPA: 4.0**

### Bachelor's Degree

Myongji University

Yongin, South Korea 03/2011 - 2/2016

- Major in Musical Theatre

## Projects

- [Personal Portfolio Website](#)
- Custom Music App:** Custom music streaming application using Spotify using **Angular, TypeScript, HTML and CSS (12/2021)**
